

DOES NOT ENDORSE COTTON FUTURES TAX

House Adopts Main Conference
Agreement on Tariff
Revision Bill

PASS COTTON TAX AMENDMENT

Democratic Leader Underwood Succeeds
In Carrying Through Smith-Lever Amend-
ments by Vote of 171 to 161

COTTON TAX QUESTION UP TO SENATE

WASHINGTON, Sept. 30.—The Democratic tariff revision bill left the house tonight on what the party leaders hoped would be its last journey to the senate. After many hours of debate the house adopted the main conference agreement on the bill, 254 to 193, almost a strict party vote and by this action gave its endorsement to everything in the measure except the cotton futures tax. At the end of a short but bitter fight for the adoption of the report, Representative Underwood, the Democratic leader, succeeded in carrying through the Smith-Lever cotton futures tax amendment by a vote of 171 to 161. Democrats and Republicans alike voted on this question.

The cotton futures tax question now rests entirely with the senate. The house concurred in the Clark amendment put into the tariff bill by the senate but added the Smith-Lever-Underwood plan as another amendment. Unless the senate will accept this change, which has the endorsement of the president, the whole cotton futures plans will again have to be considered in the joint conference committee and again reported to both houses of congress for action.

Will Take Up Report Today.

The conference report will be called up in the senate early tomorrow by Chairman Simmons of the finance committee unless there are unlooked for developments. Several Democratic senators who are dissatisfied with certain features of the bill today began to demand for a Democratic caucus to consider the conference report before it is taken up in the senate. Senator Reed of Missouri insisted that unless certain changes were made in rates fixed by the conference committee he might vote against the report and the tariff bill on its final passage.

The cotton futures tax dominated the day's fight in the house although but little time actually was given to its consideration. The history of the compromise amendment became a matter of record before the day ended. Representative Underwood said President Wilson had given it to him. Representative Lever added that the basis of the plan was a bill introduced repeatedly in the senate by Senator Smith of South Carolina; that he had asked the agricultural department to put the matter into shape for the tariff bill and that Postmaster General Burleson had perfected the amendment and given it to the president.

Democrats Praise Bill.

The tariff bill itself came in for warm praise from all Democrats. Representative Underwood declared it in its perfected form its averages were lower than either the original senate bill or the original house bill. He insisted that business men in the United States had carefully prepared themselves for revision that there would be no halt to business progress or

final message of the conference report, embracing all of the cotton tax, Representative Underwood, Pennsylvania; Lazarus, Ohio; Broussard of Louisiana, voted against it; while Kelley, Pennsylvania; Michigan, and Rubley, Iowa, Progressives and Manly, Georgia; Stafford and Carey, Kent, California, voted with the majority. Clark took the floor in a movement before the vote to ratify the president, Representative Underwood and the Democratic party in general upon the passage of the tariff program. He defended the caucus plan and ridiculed the suggestion of Representative Burdick that no tariff bills in the future would be drafted in this way.

"It would be impossible to pass a tariff bill," Mr. Clark said, "that in any way represented pledges of a great political party without having members of that party get together, talk it over and come to an agreement. The Underwood bill will in my judgment prove to be the best tariff bill ever passed in this country."

Parliamentary confusion over the course to be followed with the cotton futures tax gave the house a bad half hour but it was finally decided that in order to discuss it at all the house would have to recede from its original disagreement to the Clark amendment of the senate. Those Democrats who opposed putting any cotton regulations into the tariff bill made their first stand at this point and tried to prevent the house from receding, believing that action would kill the entire measure. They were defeated 203 to 77. Representative Underwood brought forward his compromise amendment and it was adopted by the terms of this compromise the cotton futures tax would be on actual trial and the gov-

CHICAGO POLICE JOIN HUNT FOR "MR. SPENCER"

CLOSE DESCRIPTION OF MISSING MAN
GIVEN BY DANCING PUPIL

Officers Convinced That Murderer Is
in Chicago—Owner of Hall Where
Dead Woman Was Employed Is
Threatened.

CHICAGO, Sept. 30.—The Chicago police joined with the authorities of DuPage county today in a man hunt for "Mr. Spencer," who is suspected of having lured Mrs. Mildred Allison Rexroat, a dancing teacher to Wayne, Ill., and killed her. Mrs. Rexroat's body was found near Wayne Saturday morning. She left here Friday night with a man whom she had met at a dance hall and who gave his name as "Mr. Spencer."

A days' search of the locality on the south side, in which Mrs. Rexroat taught dancing, brought the police to a nearer solution of the identity of Spencer. Several suspects arrested during the day were released at night.

A Lincoln Spencer of Wheaton, who was arrested Saturday, but who established his innocence at once directed the attention of the authorities to a relative also bearing the name of Spencer and who he said resembled the descriptions of the man sought by the police.

A close description of the man known as "Spencer" was given the police today by Carl White, a dancing pupil of Mrs. Rexroat. White said that he had met "Spencer" several times. The man, he said, was a farmer and several times said in White's presence that he had a truck farm near Wheaton. White describes "Spencer" as about five feet, four inches tall, weighs about 180 pounds, florid complexion, red caloused hands, and because of a peculiar star was obliged to wear thick glasses. The Chicago police are convinced that the man who committed the murder is in this city and has been since Saturday.

A threat received over the telephone by Mrs. Frank Olson today, the police think, might have come directly from the murderer. Olson, who is the owner of the hall where Mrs. Rexroat was employed, was called up by a man. He was not at home and Mrs. Olson answered. The caller said he would leave a message for Olson.

"You tell Olson to mind his own business and forget about this murder," he said. "If he doesn't something will happen to him."

ement grades of cotton and trading would be closely regulated.

Underwood admitted that he would personally have preferred to have the cotton futures question dealt with separately but said the compromise amendment would be greatly preferable to the Clark amendment because the former would regulate cotton exchanges while the latter simply tried to tax gambling in futures out of existence.

Reed Circulates Petition.

A petition urging a tariff caucus tomorrow morning circulated by Senator Reed and signed by a number of Democratic senators, among them Senators Pomeroy and Hitchcock, was submitted to Senator Kern, the Democratic leader, tonight. Senator Kern said he was in doubt as to whether the petition bore a sufficient number of signatures and that no action would be taken toward deciding on the validity of the petition until tomorrow morning. The rules of the senate make no provision for a call by petition and Senator Kern was not willing to say what number of signatures would be considered sufficient, although he thought one-fifth of the membership of the caucus probably the proper figure. Senator Simmons said tonight that he did not know whether the calling of a caucus would throw open the entire conference report to revision.

FOURTEEN KILLED IN STORM IN FRANCE

TWELVE HOUR TEMPEST SPREADS
DEATH AND RUIN IN CERBERE

Thirty Are Injured and Many Miss-
ing—Explosion Wrecks Buildings,
Killing Three and Burying Five
Families.

CERBERE, France, Sept. 30.—A terrific thunder storm which raged for twelve hours has spread death and ruin throughout this city. Fourteen persons are known to have been killed and thirty injured, but there are many missing.

A stream which passes through the city was soon over its banks and flooded the streets. In a hard-won establishment where large quantities of gasoline, petroleum, alcohol and other inflammables and a tank of calcium carbide were stored, the water dissolved the chemicals and enormous volumes of gas were formed. A terrific explosion occurred, which completely wrecked two buildings and enveloped two other in flames. Three persons who were passing at the time were killed outright. Five families were buried in the ruins.

The floods also carried away the greater part of Pauline dynamite factory and caused tremendous damage throughout the department. The railroad has been washed out in several places and a passenger train is imprisoned in the tunnel at Barn-Juls-Sur-Mur.

Great Damage in Spain.

Madrid, Sept. 30.—Torrential rains are falling throughout Spain. Great damage to crops and property is reported; railroads and telegraph lines have been destroyed rendering communication difficult. Urgent appeals for aid have reached the ministry of the interior from many inundated villages and towns. At Barcelona the flood carried away a carriage with two children, who perished. Travelers from Valencia who have arrived at Barcelona, report that the crops all along the route have been destroyed. One village along the road was destroyed by fire yesterday and the ruins were flooded today.

tirely Satisfactory.

Mrs. Lodge, with the approval of attending physicians tonight gave out a statement that the senator had a restful afternoon and that his condition is entirely satisfactory. One of the physicians said it will be six weeks or possibly two months however, before Senator Lodge will be up and around again. More than three hundred telegrams and letters have been received at the Lodge home from friends, collectors for his recovery. One of the telegrams was from Senator John W. Kern of Indiana, majority leader of the senate and read: "Your associates on both sides of the chamber are unanimous in the expression of their sympathy and regret at your illness and send best wishes for speedy recovery."

ATTORNEY ASKS INVESTIGATION OF JUDGE HUMPHRIES ACTION

Alleges Jurist Has Arrogated to
Himself the Power of the Police—
Is Cited for Contempt—Appeals
Case.

Seattle, Wash., Sept. 30.—Thorwald Siegfried, who is a practicing attorney of Seattle and who is not a member of the Socialist party, wrote a letter to the Seattle Bar association requesting an investigation of what Siegfried terms "the action of the judge in the case of Judge Humphries, alleging that the judge has arrogated to himself the power of the police. Thereupon Judge Humphries from the bench denounced Siegfried, threatened him with punishment and cited him to appear before him to answer a charge of contempt of court. Siegfried asked for a change of venue and Judge Humphries overruled the motion. Siegfried appealed to the supreme court.

Issues Alternative Writ.

Olympia, Wash., Sept. 30.—Acting Chief Justice Parker of the state supreme court issued today an alternative writ to prohibit Superior Judge John E. Humphries of Seattle from sitting as judge in contempt proceedings against Thorwald Siegfried and ordering him to show cause here, October 30, why he should not be forever restrained from acting as judge in the case.

Both infractions were trivial and unimportant but if repeated will bring punishment.

AMERICANS LEAVE PIEDRAS NEGRAS

Terror Grips City With Victori-
ous Northward March
of the Federals

BLOCKER ISSUES WARNING

Counsel Gives Notice That All Americans
Who Persist In Remaining Will Forfeit
Protection of U. S. Government

RE-INFORCE EAGLE PASS GARRISON

MEXICO CITY, Sept. 30.—A bill to postpone the elections, which was introduced in the chamber of deputies tonight, was referred to a committee. An effort made by the leading Liberal deputies to force immediate discussion of the bill failed.

BULLETIN.

PIEDRAS NEGRAS, Sept. 30.—Terror has gripped this city, the provisional capital of the Mexican constitutionalists with the victorious northward march of the federals and the arrival of hundreds of refugees from the surrounding devastated country. Obeying the instructions of U. S. Consul Blocker, American residents of Piedras Negras joined the exodus and hundreds of persons crossed the international bridge into Eagle Pass this afternoon, many carrying such of their possessions as they could hurriedly assemble on their backs.

Warns Foreigners To Leave.

Consul Blocker's warning to foreigners to quit Piedras Negras immediately was in anticipation of rioting should the constitutionalists be forced to abandon their provisional capital. As the rebel army is being driven northward by the government troops under General Maas, the retreating insurgents are setting fire to villages. Reports from the front tonight indicate that the federals are closing in on the town of Salinas from which the constitutionalists are expected to fall back to Matamoros, across the line from Brownsville, Texas.

United States troops are hurrying to Eagle Pass from San Antonio to reinforce the garrison there and it is understood that with the first attempt to molest the property of foreigners here, an ultimatum will be issued. What form its enforcement will take has not been made known.

Seventy-three Americans Cross Bridge.

Seventy-three Americans crossed the international bridge today. W. W. Vaughan, a well known engineer and Alfred Williams, druggist, were ordered peremptorily to vacate their homes with their families on constitutionalist notification that the property would be destroyed despite any protest to the American government for the reason that it was owned by federal sympathizers.

Many Mexican refugees and a large number of Japanese were refused admission to the United States. It was said that the Mexicans were likely to become public charges and that the Japanese had not made proper application. An appeal to Washington for exception in the latter case will allege that the Japanese are in danger of death from the rebels for having aided the constitutionalists.

It is reported that many prisoners confined in the jail on sedition charges have been shot among them Felipe Sanchez, wanted in Carriso Springs, Texas, as a member of the smuggling band charged with the murder of a deputy sheriff.

Blocker Issues Warning.

Eagle Pass, Texas, Sept. 30.—All Americans who persist in remaining in Piedras Negras after 7 o'clock tonight will forfeit the protection of the American government according to the notice sent out today by Consul Blocker, made public this afternoon. At a conference between Consul Blocker and the constitutionalist authorities the American representative is believed to have failed to secure a promise to prevent the destruction of property. Consul Blocker then conferred with army officers stationed here and the order to Americans to leave Mexico resulted.

Reinforced Eagle Pass Garrison.

San Antonio, Texas, Sept. 30.—Two squadrons of the third cavalry, one machine gun platoon of the third cavalry and Battery of the third field artillery, are being rushed in three special trains to Eagle Pass this afternoon. Rumors that the constitutionalists are prepared to blow up the entire town of Piedras Negras in the event they are compelled to evacuate, may have a bearing on the movement or the troops may be intended to take care of the situation in case the constitutionalists cross the river in flight.

American Consignee to Army.

Mexico City, Sept. 30.—Esteban E. Fierro, an American citizen who was arrested at Sdfillo, has been consigned to the army. The detachment to which he is attached left for Sonora today. The American charge acting on the plea of Fierro's wife has protested to the Mexican foreign office against the action of the authorities.

Chicago, Sept. 30.—Miss Mary Brown, for 15 years a teacher in the public schools, died here of apoplexy today. She was stricken while teaching a class in the Goudy school and died within a few minutes.

CHARGED WITH KILLING TWO OF HER CHILDREN

POLICE STATE WOMAN CONFESSES
TO MURDERING SIX

Declares Mrs. Leckwold Poisoned
Children by Administering
Quantities of Liquid Fly Poison
Containing Arsenic—Her Husband
Released.

MINNEAPOLIS, Minn., Sept. 30.—Mrs. Ida Leckwold was arrested tonight charged with murdering two of her children. According to the police the woman has not only confessed to killing the two of which she is accused, but four others as well. Her husband, Ole Leckwold, was also arrested but later released, the officers being convinced that he was ignorant of the manner in which his children had met their deaths.

The police declare that Mrs. Leckwold said that she poisoned the children by administering quantities of liquid fly poison containing large quantities of arsenic. The two children of which she was specifically accused of killing were Viola, aged 9 years, who died Sept. 8, and Laural, 11 months, who died last July.

According to the police Mrs. Leckwold said the other four were killed in the same manner. The others were: Perry, 1 year old, died in 1911; Lucile, 9 months, died in 1910; Gladys, 10 months, died in 1905; infant, died in 1907. Two older children are still alive.

Leckwold declares that all six of the children died under almost identical circumstances. The family physician who treated the last two says that he was completely deceived; that he was called in each case but did not consider either child seriously ill and prescribed accordingly. He was greatly surprised when he found them dead but believed that death had come from natural causes and made the death certificates accordingly. He ascribed cholera morbus as the cause of death in both instances. Mrs. Leckwold is 32 years old.

HIGHWAYMEN HOLD-UP TWO AUTO PARTIES IN DAYLIGHT

Get Nothing From One and \$50 and
Some Jewelry From Second—Es-
cape in Woods.

Hackensack, N. J., Sept. 30.—Two highwaymen today in broad daylight on the palisades boulevard held up two automobiles at pistol point, getting nothing from one and \$50 and some jewelry from the second.

Mrs. Dan Fellows Platt, wife of a prominent lawyer, and member of the New Jersey Democratic state committee of Englewood, was the victim of the first hold-up. When Mrs. Platt insisted she wore no jewelry she was allowed to proceed. John S. Mabon, a lawyer, who with his wife and daughter was taking a spin along the famous drive, was the second. The robbers searched Mr. Mabon, taking \$50 in money, and stripping valuable rings from the fingers of Mrs. Mabon. The highwaymen fired several shots into the tires of the car, disabling its before taking to the nearby woods.

BEGIN INQUEST INTO DEATH OF WOMAN UNEARTHED AT PARIS

Police Work on Theory That Woman
Met Violent Death—Doctors State
She Died Several Years Ago.

Paris, Ill., Sept. 30.—Coroner Eperson today began an inquest into the death of a woman whose skeleton was found Saturday buried in a shallow grave in the heart of the residence quarter of Paris. The police are working on the theory that the woman met a violent death because a fracture of the skull at the base of the brain cavity was discovered by the coroner's physician and because of the apparently hurried burial of the corpse at a place where an old building formerly stood.

Doctors say that the woman died several years ago and the coroner is not very hopeful of solving the mystery. The skeleton was unearthed by men excavating for a new house. A pair of shoe-soles and several pearl buttons were found with the bones and these furnish the only means of identification.

SUGGEST THAW CASE BE PLACED WITH ATTORNEY GENERAL

Whitman and Conger Write to Acting
Governor Glynn Regarding Efforts
at Extradition.

Albany, N. Y., Sept. 30.—District Attorney Whitman of New York and District Attorney Conger of Dutchess county have written to Acting Governor Glynn suggesting that the efforts to return Harry K. Thaw to this state from New Hampshire be placed solely in charge of the attorney general. At present District Attorney Conger is in charge and is being assisted by the representatives of the attorney general's office, that if the case were turned over to the attorney general he would endeavor to obtain the indictment of Thaw by a New York county grand jury on a charge of conspiracy.

Rumor says that the Dutchess county grand jury voted to indict Thaw on a conspiracy charge and later voted to rescind the action. William Travers Jerome was in conference with Attorney Carmody today.

FULLER TESTIFIES IN SULZER TRIAL

States Governor Told Him
Transactions With His Firm
Were for Mrs. Sulzer's Account

CHARACTERIZED AS A LOAN

Counsel Draws from Witness Statement
That Debit Balance Was Entered as
Loan Two Days Before Inauguration

PLACE "REFORM BILLS" IN EVIDENCE

ALBANY, N. Y., Sept. 30.—Evidence that Governor Sulzer's stock transactions with the New York brokerage firm of Harris & Fuller were for the account of Mrs. Sulzer, was today disclosed at the trial of his impeachment. The articles of impeachment charge that the governor made use of some of his unreported campaign contributions in these transactions.

Melville B. Fuller Before Court.

Melville B. Fuller, head of the firm, said that the governor had told him that Mrs. Sulzer had a loan with the now defunct Carnegie Trust company of New York and that in order to take up the loan for which he had given his note, he had deposited securities belonging to Mrs. Sulzer with Harris & Fuller and borrowed money thereon to pay the note. Fuller said the governor had told him in the executive mansion in Albany on July 30 last, when he had there at Mr. Sulzer's request, after receiving a subpoena to appear before the Crawley investigating committee.

"Mr. Fuller, you know that these securities were Mrs. Sulzer's?" the governor asked him, according to the witness. The broke said he replied in the negative.

"Well, said the governor, 'these securities belonged to Mrs. Sulzer when I brought them to you,' Fuller testified. "She had a loan with the Carnegie Trust company, they required me to give a note every three months and it was very annoying so I took the securities down to you and borrowed the money from you." "I said to Governor Sulzer, 'that may all be true. There is no evidence of anything of that kind on my books and cannot be proven by me. If it is true, you'll have no trouble in proving it as the books of Carnegie Trust company must be a matter of record.'"

Account Opened in 1910.

The governor's account with Harris & Fuller which the impeachment managers charge was a marginal or speculative account, not a loan account, was opened in 1910, according to the books of the firm which Fuller presented today. The Carnegie Trust company, it was recalled tonight, was in financial difficulties that year and subsequently it failed. The account not only showed a long series of borrowing on securities brought to the firm by Sulzer but also the purchase and sale of other securities calls for "margin" and the deposit by Sulzer of cash payments of stock in response to these calls. Fuller denied today that to his knowledge Mrs. Sulzer ever had anything to do with the account.

In controversy to the characterization of the account as a loan, counsel for the governor's accusers drew from Fuller a statement that on December 30, 1912, two days before the governor was inaugurated, the debit balance on the account had been entered as a loan by the firm to Governor Sulzer. This balance was approximately \$40,000. Fuller admitted that it was purely a book-keeping transaction and that no note had been given by the governor as evidence of the indebtedness.

Lay Plans to Prove Charge.

Counsel for the assembly managers this afternoon began to lay the foundation for proof of the charges in the eighth article of impeachment that the governor used his official position to affect the current prices of securities listed on the New York Stock Exchange "in which he was speculating."

With this end in view a complete record of all the stock exchange "reform bills" introduced at the regular session of the legislature at the recommendation of Governor Sulzer was placed in evidence.

DERAILMENT AT BARRY DELAYS WABASH TRAFFIC.

The derailment at 8 o'clock Tuesday evening of some freight cars at Barry so blocked traffic that No. 12, which arrives in the city at 9:45, had to be sent around by way of Clayton and Camp Point, passing through the city four hours late. The accident, which was caused by the breaking of a car wheel fifty feet from the station at Barry, resulted in the derailment of three coal cars, two cars loaded with merchandise and five empties. The train which came through on the time of No. 12 last night was the Keokuk train which connects with the one from Quincy at Bluffs, which, on account of the accident, was routed through to Decatur.

Economical Buying

Economy in buying comes from making comparison. This means more than merely comparing prices. It means also comparing values, which is of greater importance. Studying over a few prices and keeping posted only on certain lines gets the purchaser very little, because they usually pay more on the items to which they give least attention than they save on all the others.

Customers, however, who have consistently made purchases here and who have really given attention to both the quality and the prices we continually offer have been convinced that this store can be made the means of reducing high living cost. We have made a study of household and table economy and we can easily prove to customers that we can save them money and yet give them the very best.

Quality Goods in Bulk

We not herewith some offerings on which we lay special stress and on which we invite comparison. Most of these goods are offered in bulk and that means handling them in the least expensive way possible. Consult us on these:

**MANY HEAR DR. REES
ON SECRET OF HAPPY HOME**

Evangelist Says Secret is Found in Christ—Cottage Prayer Meetings Continue—Shop Services Begin Today.

"The Secret of a Happy Home" was the subject discussed Tuesday evening by Dr. Rees before a large audience at the tent. The evangelist took his text from a part of the 30th verse of Acts 17th, in which the Lord "Commandeth all men everywhere to repent." At 12:30 this afternoon Dr. Rees will conduct a short service at the Illinois Steel Bridge Co., the first of a series of the kind. As before announced, the women of the city will be addressed by the evangelist at a special meeting Thursday afternoon on "Some Things That Keep Women From Becoming Christians" and in the evening on "A Twentieth Century Sodom Revised." The simultaneous meeting for the men in Northminster church will be addressed by the Rev. F. A. McCarty. A large audience will be in attendance this evening, probably, to hear "Satan's Relation to Popular Amusements." The cottage meetings will continue this afternoon at 3 o'clock at the following residences: Frank Plouer, 872 N. Church St. Mrs. J. W. Loudermilk, 602 Jordan street.

Mrs. Arthur Henderson, 647 South Diamond street.

Dr. Rees' Address.
In speaking of the "Secret of a Happy Home," the evangelist said in part:

First I want to urge upon you the a, b, c of the correct life, the secret of the happy home. We have the sin of omission and commission. Where is that division of sin? In one sentence, sin is the transgression of the law. In one word it is "disobedience."

Is there a man here tonight who can go to the Hill of Calvary and stand and look upon the face of that One, and behold its agony and ask why he suffered so for us? The answer comes back in one word, "Sin." What has not sin done for the mother who asks, "Where is my wandering boy tonight?" For the young woman who marries with every prospect of a happy life before her, and her husband who is untrue. For the young man at the bar, who comes staggering home late at night? I think I ought to urge upon you, as a brother the necessity of repentance, because if we do not repent we must perish. I have studied the Bible since I was a youth and I can't find a ray of hope from Genesis to Revelations for the man who does not repent of his sins.

Mr. Rees said this was the dark side of his theme, and then went on to tell of the willingness of God to forgive the sins of mankind. Illustrating this by telling a sentinel who fell asleep at his post during the civil war and was put in prison. General Cox became interested and went to President Lincoln asking that the young man be pardoned, saying, "It seems to me that he ought to be free." President Lincoln said, "I think so too," and the young man was released. How much more willing is our Father in Heaven to pardon us from all our sins.

If there is a man seated in this tabernacle tonight going out of this church with his sin unpardoned, then repent, because it increases the happiness of the home. No home can truly be happy without Christ. Ole Bull the violinist, could not persuade his friend Ericson, to listen to his music. The great inventor did not care for music, didn't have time to listen to it. One day Bull went to his workshop and while the inventor was busy started a beautiful melody, and before he had gone far, all the employees and employer were listening spellbound. When he finished Ericson seized his hand, and said "I never knew before what my life lacked." If you think your life is as happy as it can be without Jesus Christ, you are not familiar with the music therein. You don't understand the happiness to be found in the service of Jesus Christ.

Mr. Rees gave several instances in his own experience of the happiness that had been found by those who had repented of their sins. Continuing he told of a governor of Pennsylvania, a man noted for his upright life and deeds of charity, refusing to pardon a man who had been sentenced to be executed. After the governor's refusal to sign the pardon, he went to the prison and asked to see the prisoner, requesting the guard not to let the man know who was coming. The governor entered the cell, sat down beside the man, with his arm around his neck talked to him for some time, and finally they both knelt in prayer. After awhile he left the prison. The prisoner called to the guard and said, "Did you hear what that man said me? Did you hear that prayer? Do you know who he was?" The guard answered that it was the governor. Then the prisoner said, "Why didn't you tell me: I would never have let him leave this cell without a pardon. The anguish of the prisoner

can be imagined, I want to tell you, my brethren, that the Governor of Heaven is in this tabernacle. Don't let him go until you have gotten pardon. The secret of a happy home is Jesus Christ.

Mr. A. Sleyman arrived in Jacksonville yesterday and will have personal charge of his wonderful collection of Oriental Rugs, at Andre & Andre's, the remainder of this week.

Harmon's
DRY GOODS STORE

Jacksonville, Ill., September, 1913.

DEAR FRIENDS AND PATRONS:—

The Fall season is now upon us—with real winter "just around the corner." As the mercury drops from day to day, and the chilly winds blow, you are brought face to face with the urgency of procuring cold weather wearables. New dresses are to be bought—gloves, hosiery, underwear for the whole family, warm blankets—and the hundred and one other things that contribute to your comfort.

It is at just such a time that I desire to come into closer touch with the public and tell you in this personal sort of way of this store—its goods—its service.

As I look over the gigantic stocks that fill every shelf, showcase and counter and recall what a thorough search of the market has been made to accomplish this result—how fashion's latest whims were met—how carefully the dependability of every article purchased was investigated—and how bargain after bargain was driven—I feel at liberty to extend an invitation broadcast to every woman in Jacksonville's trade limits to bring her dry goods wants to this store, with full confidence that her every need can be satisfactorily filled.

Perhaps some of you who read this letter have never visited this store—and do not know that it is "the Store for Dress Goods and Silks." If so, we extend to you a special invitation to investigate our claim. Come in some day this week, look around, note the low prices on the many beautiful things you see displayed, and see if you do not discover as many others are doing daily, that this is a splendid place to trade.

You will find our sales force to be courteous and pleasant to deal with, thoroughly posted about fabrics and styles and a real help in selecting goods for your special requirement.

The styles in women's apparel this season are more attractive than ever—gorgeous effects are sought after and are developed chiefly from broadened weaves. We are prepared to meet this demand to the perfect satisfaction of the most critical. Our dress fabric section is the wonder section of the whole store. It is kept right up to the minute in styles and down to bed-rock in prices.

Trusting that I may soon have the pleasure of meeting you in the store, I beg to remain,

Yours Respectfully,

E. B. HARMON.

From the Novel by Harriet T. Comstock

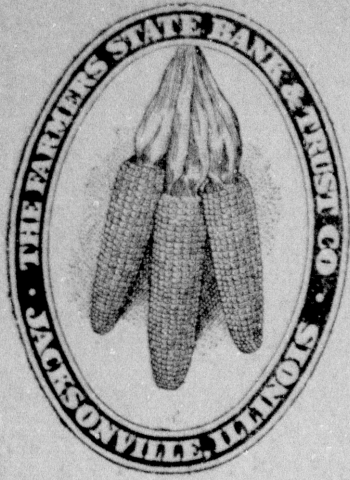

A big story of the great woods, where love, hate and jealousy blow hot and cold like the pine-laden breezes. The Dale, having sacrificed everything that a man holds dear in order to save his brother, plunges into the North Woods to forget. Joyce, a child of nature, appeals to him, and when she marries Jude, an ugly tempered lumber-jack, Dale's sincere friendship and sympathy are misunderstood.

Vitagraph—Two Reels. Special feature. Tremendous interest will certainly be taken in this unusual story of a woman's choice between two men—her husband, whom the world regards a failure, and his best friend. A clever turn of plot is the husband's change of identity when, after a railroad wreck, he finds another man has been buried for him.

E. K. Lincoln, Edith Story and James Gladden makes this drama extraordinary.

I. S. D. vs. Illinois College.

Captain Frank Friday will choose his eleven to represent the I. S. D. against Illinois college Saturday at 3:30 from the following players: Crimmins, Burns, Taylor, Miller, Cleys, Friday, Eskew, Smith, Gedney, Lingle, Staberton, Newton, Peard. The mutes are displaying good form in practice and the game Saturday should be an interesting one and productive of much good to both contestants. They hope to make a showing that will result in their being chosen each year to have the honor of playing the opening game with the big fellows from the college on the hill. The game Saturday will follow the one between the High school and Alton, so fans will have plenty of the king of fall sports for one day at least. A game between the I. S. D. and the High school is under negotiation, and will no doubt attract much attention. Both teams are about equal in weight and otherwise well matched. With three strong teams on the grid-iron Jacksonville followers of the game will have ample opportunity to indulge their liking for the sport this fall.

THREE MASKED BANDITS ROB EXPRESS BOX OF \$7,000

Two Hold up Baggage Train While Third Knocks Ticket Agent Senseless and Secures Money.

Three River Falls, Minn., Sept. 30.—An express box containing \$7,000, consigned by several Minneapolis banks to banks here, was robbed of all its contents at the Minneapolis, St. Paul & Sault Ste Marie depot here by three masked bandits today. The box had been left at the depot by the Minneapolis-Winnipeg train a short time before. While two of the robbers held up the baggage man, Charles Johnson, at the point of a revolver, the third knocked Edward Tollerud, the ticket agent, senseless, took his keys, unlocked the box, gathered up the money and the three escaped.

WILL SUPPORT WRITERS.

New York, Sept. 30.—Baseball players who write articles for newspapers on the coming World's Series will have the support of the baseball players' fraternity, it was announced today by David L. Fultz, president of the organization. Fultz made a statement regarding the rule laid down by the National Commission prohibiting players of the competing teams from writing on articles written by others.

DEBT CONTROVERSY REVIVED.

Washington, Sept. 30.—The half century old Virginia-West Virginia debt controversy in which the supreme court more than a year ago fixed \$7,000,000 as the share West Virginia should pay of the public debt of the original state, was brought to Washington again today when Attorney General Williams filed a motion asking for a final decree in the case. The supreme court did not pass upon the question interest, involving approximately \$14,000,000, leaving that phase of the dispute to the commissioners, however, have been unable to agree and Virginia now wants the court to settle the matter.

KILLS YOUTHFUL ROBBERS.

Chicago, Sept. 30.—Stuart Martin was shot and instantly killed and L. V. Hughes was severely wounded tonight, when they and a third boy were rifling a cash register in a South Side store. None of the three was more than 16 years old. A Mortimer, owner of the store, who lives in a rear room, heard the thieves and opening the door discharged a shotgun at them. The boys were negroes.

LEASES BRING LARGE SUM.

Washington, Sept. 30.—Reports to states. The Commissioner of Indian Affairs today said that 10,542 acres of oil lands offered for lease in the Osage Indian reservation in Oklahoma brought a bonus of \$505,315, being an average of \$48 per acre. This bonus is in addition to a royalty of one-sixth of the oil production on these lands. The highest average bonus heretofore received for such lands in the Osage reservation was \$3 per acre.

FEAR INUNDATION OF CITY.

Lake Charles, La., Sept. 30.—Inundation of the business section and probably of the entire town are possibilities feared by the residents of Lake Charles tonight. If the Casien River continues to rise throughout the night and part of tomorrow at the rate it rose today, the business district will be submerged and the flooding of the city is feared in the event a strong wind sweeps up from the direction of the gulf.

SCALY PSORIASIS ON ARMS AND LIMBS

Small Dots Grew Larger. Scales Formed, Looked Horrible. Cuticura Soap and Ointment Cured.

Troop H, 6th U. S. Cavalry, Camp McCoy, Sparta, Wis.—"I was troubled with psoriasis for nearly two years. Portions of my arms and limbs were affected mostly with it. It appeared in scaly form, breaking out in very small dots and gradually grew larger and white scales formed when about the size of an ordinary match-head. The looks of it was horrible, which made it very unpleasant for me. It itched a little at times."

"I tried several remedies, but the trouble seemed to grow worse instead of better, and I tried several treatments which cured me for a month, but it always broke out again. One day a friend saw the advertisement of Cuticura Soap and Ointment in the paper and I sent for a sample. They helped me, so I purchased two more boxes of Cuticura Ointment and some Cuticura Soap and they completely cured me. It took three months for Cuticura Soap and Ointment to complete my cure." (Signed) Walter Mahony, Oct. 22, 1912.

Although the Cuticura Soap and Ointment are most successful in the treatment of affections of the skin, scalp, hair and hands, they are also most valuable for everyday use in the toilet, bath and nursery, because they promote and maintain the health of the skin and hair from infancy to age. Sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card to Cuticura, Dept. T, Boston.

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

SOUTHERN BOY MAKES GOOD SHOWING WITH CORN

Raised Nearly One Hundred and Twenty Bushels on One Acre—Tells of the Methods He Used.

Morgan county boys who entered the corn contest conducted by the department of rural affairs of Chamber of Commerce will be interested in the showing made recently by a Louisiana boy, who raised 118.41 bushels of corn at a total cost of \$24.87 and realized a profit of \$93.54. A dispatch to the St. Louis Globe from Shreveport tells of the transaction as follows:

"Making one acre of ground yield 118.41 bushels of corn at a total cost of \$24.87 and realizing a profit of \$93.54 on the crop, valuing the corn at \$1 per bushel, seems to have been accomplished in a remarkably easy manner by Carl Gandy, a Claiborne Parish farmer boy, who furnished for publication a detailed account of the cultivating methods he employed, and the story of how he was able to accomplish this remarkable result has been printed here in order that other farmer boys may emulate his example and probably be able to achieve results equal to those of the Claiborne Parish boy. Young Gandy's story in his own words is as follows:

"Preparation of Seed Bed—First, I broke my land in November, deep and good, with a two-horse plow, followed with a diamond-pointed scotter in the same furrow, breaking the land about 4 inches deep. Then I harrowed it with a section harrow and let it lie in this condition until about the 1st of February, when I again broke it about 7 inches deep with a two-horse plow and harrowed it again with a section harrow.

"About the middle of April I broadcasted two loads of manure compost and broke it again with a two-horse plow and harrowed it again. Then I laid it off in four-foot rows with a diamond-pointed scotter and planted 'Gandy's Prolific' seed corn as soon as the corn began to come up I harrowed it with a small spring tooth harrow. This was continued every week until the corn was knee high.

"When at this stage I put two hundred pounds cottonseed meal on it and then plowed it with a small scotter and heel sweep as shallow as possible. This plowing was continued every week until the corn was beginning to tassle. Then I put one hundred pounds of nitrate of soda on it and laid it by with a small scotter and a large heel sweep.

"My yield was 118.41-100 bushels per acre. The total cost of land rent, preparation of seed bed, cultivation and gathering was \$24.87, making the cost per bushel 21 cents. Valuing the corn at \$1 per bushel, my profit was \$93.54.

DISCIPLES OF CHRIST IN TORONTO.

Toronto, Ont., Sept. 30.—The international missionary convention of the Disciples of Christ, which opened here today with about 5,000 members in attendance, is the first convention of its kind ever held in Canada. All sections of Canada and of the United States are represented by delegates, especially the states of the middle and central west, which are the stronghold of the sect.

According to the reports the sect is in a flourishing condition and is steadily gaining in membership. During the year Sunday schools have been established in many places in the middle west and central west, and in the northwestern provinces of Canada. There is now a Sunday school at Ponoka, Alberta, probably the most northerly point where a Sunday school is maintained by any religious organization. An effort will be made to draw Disciples from the middle western states to the Canadian northwest, where the sect has gained a strong foothold.

Rev. Dr. Peter Ainslie of Baltimore, who spent the summer in England in the interest of the church unity movement, delivered an interesting address, giving an account of his experiences. There were also reports on home and foreign work and on the work carried on by the women.

REVIVAL PROVING SUCCESSFUL.
C. L. DePew has received word from Herbert Henderson that the revival being conducted at Herrin by Rev. George Snively is meeting with success. Rev. Mr. Snively dedicated a new Christian church there Sunday. The congregation was in need of \$17,000 to clear up their debt and during Sunday Mr. Snively succeeded in raising \$21,000. Mr. Henderson of this city is conducting the singing at the revival which will continue for three weeks.

FERN THEFT STORY FALLS FLAT IN COURT

CHARGE AGAINST HENRY KIRBY DISMISSED BY STATES ATTORNEY.

Trial Called Before Squire Coons Fails to Develop Any Evidence of an Incriminating Kind—Defendant Was Charged With Taking Ferns From Nichols Park.

The case of the people against Henry Kirby accused of taking ferns from Nichols park was heard yesterday afternoon in Squire Coons' court and ended much like the battle of the valiant general who "marched his soldiers up the hill and marched them down again." The prosecuting witnesses were heard and before the defense had finished the state's attorney declared the force had proceeded far enough and walked out of the court room.

Mr. Tilton appeared for the state and Messrs. Wilson and Baldwin for the defense. A brief resume of the evidence is given.

Custodian Tells Story.

The first witness was Daniel Kelley, custodian of Nichols park. He said: "Friday, Sept. 26th, I was occupied much of the time mowing north of the pavilion. Did not notice any ferns missing in the morning at 7 o'clock and did not notice them again until late in the afternoon when the park policeman, Anthony Kennedy called my attention to the fact that some one had been stealing ferns. Saw Mr. Kirby in the afternoon with some mushrooms. A basket containing six ferns was by one of the pedestals on the east side of the park and there were tracks through the building as if some one had carried ferns through the building. I told Mr. Kennedy to watch the basket from a hidden place and see who came after it. No one came and then he called me and told his suspicions and asked me to go with him to where Mr. Kirby's horse had been hitched. I went and saw near the place some loose dirt and scraps of fern leaves. Mr. Kennedy felt certain Mr. Kirby had taken the fern and I told him to go to Mr. Kirby and demand the return of the ferns or else prosecution would follow if he was guilty."

"During the day we saw a good many pass into the park and most of them went over to the south side where the gun club shooting was going on."

Anthony Kennedy the Accuser.

Anthony Kennedy was the next witness. He said: "I am special policeman at Nichols park. Friday, Sept. 26, I went out on the street car after dinner and over on the south side to the gun club shooting and was there most of the time till four o'clock when I went to the north side west of the pavilion where I saw Mr. Kirby, the defendant and had some conversation with him. His horse was hitched at the rack near the lake perhaps a hundred yards south of the pavilion, the buggy or phaeton faced westward. We talked a while and then separate. He had a small basket with a few mushrooms in it. Not long after I went to the pavilion and saw on the east side by a pedestal a basket with six ferns in it evidently taken from the ornamental urns on the concrete pedestals about the pavilion. I called Mr. Kelley's attention to the basket and examining the pavilion saw where some had evidently carried in his arms ferns pulled from urns by the roots. Mr. Kelley told me to watch the basket and see who called for it and while I was watching Mr. Kirby drove out of the park with a lady in his buggy going in a walk out along the edge of the lake by the east exit. I did not see him take or have any ferns but went later to the place where his horse was hitched and saw there some loose dirt same as is in the ornamental urns and some scraps of fern leaves. The dirt from the fern urns and from the place where the horse was hitched I offer in evidence to show they are the same. There were others in the park during the day but mostly on the south side."

"I went to Mr. Robinson's residence on South Diamond street and saw Mr. Kirby and made a demand for the return of the ferns but he strenuously denied having taken them. I was told there that Miss Robinson, daughter of Marcus Robinson, was with him in the park."

Other Witnesses Heard.

Thomas H. Buckthorpe was the next witness. "I saw Mr. Kirby in Nichols park Thursday, September 25, I was driving by him in an automobile at the rate of twenty miles an hour and didn't notice him very closely. I saw in a buggy Mrs. Marcus Robinson and saw Mr. Kirby hand her something like a square package, but I have no idea what it contained. I did not see any ferns in or about the buggy at all. This was on Thursday, the day before the time regarding which the ferns were taken according to the evidence of Mr. Kennedy."

Here the prosecution rested.

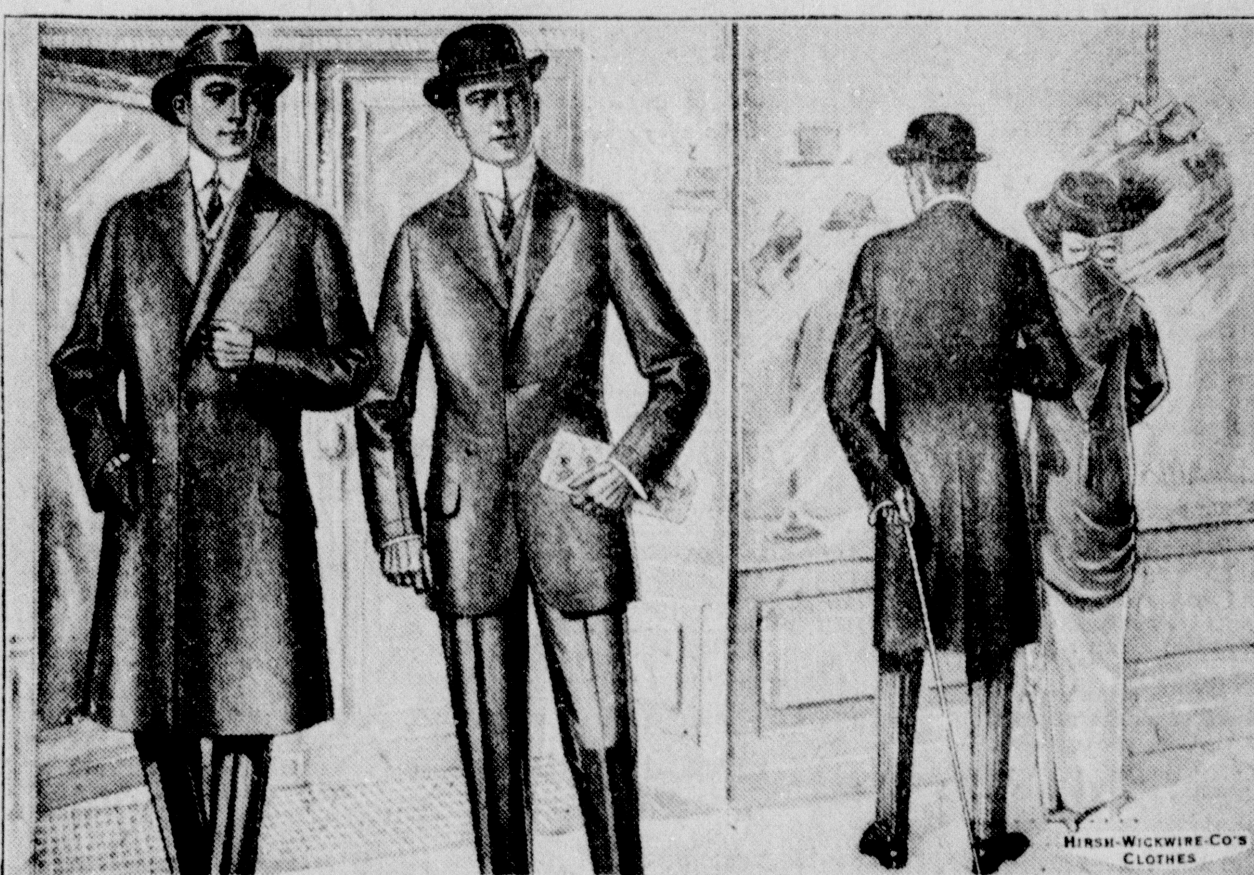

Mrs. Junietta Myers was the next witness. "I live in Centralia and am visiting at the home of Mr. and Mrs. Marcus Robinson. Friday afternoon, Sept. 26, I rode out to Nichols park along with the defendant. We were in a nest of mushrooms and gathered a number. We had a small basket with a cover to it; it was a lunch basket, and we had also a pasteboard box. We spent some time in the park and both left the buggy or phaeton hitched by the lake. Later we went to the buggy, about 4:15 and started home. I was with Mr. Kirby right along and did not see him take or have anything about him or at any time in the buggy a fern of any kind whatsoever. We rode to the city and I left the rig at Waddell's store where my sister, Miss Ruth Vail met me."

Miss Ruth Vail's testimony was as follows: "I met my sister at Waddell's store. I saw the phaeton in which she rode and saw so ferns in it. I would have seen them had any been in the vehicle."

Mrs. Dora Robinson was the next

witness. She said: "I rode out to Nichols park with Mr. Kirby the defendant, Thursday, Sept. 25. He gathered some mushrooms but I did not leave the buggy. He gathered some in a lunch basket and handed them to me as Mr. Buckthorpe drove by in his automobile. I did not see any ferns nor were any placed in the buggy in which we rode."

At this point, Mr. Tilton, state's attorney said he guessed the thing had gone far enough and left the court room and the matter was dropped.

FEDERAL GAME LAW BECOMES EFFECTIVE.

Washington, Sept. 30.—With the stroke of midnight of tonight the new federal game law, adopted by congress for the purpose of giving more effective protection to migratory game birds, will go into effect. In accordance with the provisions of the law the department of agriculture has published and widely distributed throughout the country pamphlets containing the complete text of the law and smaller circulars with a brief and condensed extract of the most important sections of the law, for the guidance of the hunters and of the game wardens and other authorities whose duty it is to enforce the new regulations.

By the provisions of the law the United States is divided into two zones, zone 1 being the breeding zone and comprising the states lying wholly or in part north of latitude 40 and the Ohio river, and zone 2, the wintering zone, comprising the states lying wholly or in part south of latitude 40 and south of the Ohio river. Texas, Oklahoma, New Mexico, California, Nevada, Utah and the southern states are included in the wintering zone, while the other states form the breeding zone.

FANCY and TRICK BILLIARDIST

Will be Here Again Early in October. Watch for the Opening Date.

An exhibition by World's Experts and match games of special interest arranged. Read the following from a letter just received by Ed. Peterson, manager of the Jeffersonson, brother of Chas. C., and be on the watch for something good.

St. Louis, Mo., Sept. 27th., 1913.

Dear Brother Ed.:

Your letter of recent date to hand and note what you said pertaining to exhibition for your room. Did not answer immediately on account of not knowing exact date of DeOro-Allen match. I am going to make an extensive trip which will occupy ten days. The cities I will visit will be Pittsburg, Philadelphia, Washington, Baltimore, New York, Brooklyn, Boston and Chicago. I have a match in Chicago with Demarest and Tamura the Japanese expert. During my stay will try and make arrangements with some high class player to play me at Jacksonville. If I fail to connect with some good player in your room will arrange some sort of game that will be interesting to the Jacksonville Billiard enthusiasts,

Your Brother, CHARLIE

A STRONG REFERENCE.
A young man recently applied for
a position with a large printing
house, and not having a letter of
reference, offered his bank book. It
showed a regularity of entries of de-

mendation, indicating character and
persistence, which finally secured for
him a good position.

STOCK MARKET SENTIMENT BEARISH

NO CHANGE IN SITUATION SO
FAIR AS FACTS GO.

In Last Half of Day Market Grows
Softer, Strong Undertone Disap-
pears and Prices Gradually Give
Way—Decided Slump Takes Place
in the Last Hour.

(By Associated Press)
New York, Sept. 30.—Sentiment
was more potent than fact in the
stock market today. There was no
change in the speculative situation
so far as facts went. But sentiment
was decidedly bearish and stocks
went down abruptly. Reports from
the steel trade which is being watch-
ed most closely told of further slack-
ening in new business and during
today's decline steel was the especial
target of traders on the short side.

Aside from a break of 1½ in Union
Pacific the list held fairly steady and
such slight losses as were inflicted
were made up before noon.

In the last half of the day, how-
ever, the market grew softer. The
strong undertone disappeared and
prices gradually gave way.

In the last hour there was a decid-
ed slump. Union Pacific broke nearly
three points, while losses of a
point or more were sustained by
many other prominent stocks.

Commercial paper was lower and
time money developed a slightly
easier tendency in spite of the ten-
dency of October 1 payments.

RAILROAD NOTES.

Extra No. 360 on the Burlington went south yesterday with general superintendent F. H. Ustick and division superintendent W. F. Thiehoff and others on a tour of inspection.

E. J. Christopher has moved from Waverly with his family to this city to take the place of third trick operator at the Burlington office. E. H. Harlan, formerly third trick operator at the Burlington station here has been transferred to the Centralia yards.

Robert Livesly, third trick operator for the Burlington at Concord was in the city yesterday with his wife who is to have a surgical operation at Passavant hospital.

Elsa Kitchner who was formerly third trick operator at the Burlington office is now second trick operator in the Northern Pacific and Great Northern offices in Elk River, Minn., and writes back that he is greatly pleased with his position and things about generally.

Otis Underwood, formerly cashier at the C. P. & St. L. office in this city is now located in Carrington, North Dakota and writes his friends here that he is well pleased with his new position and new home.

Taylor Agnew, son of Rev. Mr. Agnew, went to Waverly yesterday by the Burlington.

L. E. Curtis, bill clerk in the Alton freight office, has returned to his duties after a vacation pleasantly enjoyed.

C. L. Zeller, cashier at the C. P. & St. L. offices has returned to his work after an illness of a few weeks. A section gang was occupied yesterday repairing the general crossing of the Wabash with the C. P. & St. L. & Alton roads.

Seward Pease and George Wendt, Wabash freight conductors were arrested for blocking the Church street crossing too long. There were six trains in the place at the time and the congestion was unavoidable, the men say and regard it as a hardship.

gent Evans of the Wabash sold sixty round trip tickets to Springfield yesterday to persons going up to attend Mother Eugenia's funeral.

The Wabash pay car went through yesterday distributing checks and happiness along the way.

At the Car Shops
C. P. Branch, superintendent of the mechanical department visited the shops yesterday and looked them over.

The skill and ability of superintendent and men are well shown when an old seemingly worthless hulk is brought into the shops and in the course of time sent out almost as good as new as is often the case in the shops here.

No. 46 has been sent out and is making a trial trip on the local freight and seems to behave all right.

No. 23 will soon be ready to go out of the shops and into service on the road.

Walter Quinlan of the boiler shop has returned with his bride from a wedding tour of Niagara Falls and other eastern places. He was heartily received by the men at the shop.

Miss Margaret Quinlan, sister of Walter Quinlan of the boiler shop has gone to Springfield to visit her sister, Mrs. C. B. Little.

The spring furnace in the blacksmith shop is being overhauled and rebuilt. Jack Shields is the officiating trowel artist.

COLD STORAGE DINNER FOR SCIENTISTS.

Chicago, Sept. 30.—The fifteen hundred scientists from all parts of the United States, France, Germany, Belgium, Austria, Russia and the South American republics, who are in attendance at the third International Congress of Refrigeration, which has been in session here for a week, are looking forward with somewhat mixed feelings to the big banquet to be given in their honor tonight. As a rule the only thing to be dreaded at a banquet are some of the speeches which seem to be the unavoidable concomitant on such occasions and which are apt seriously to interfere with the enjoyment. If not the digestion of the good things prepared for the feasters in the way of food. On this occasion, however, there is another cause for misgivings. According to previous announcement every bit of the food to be served at the banquet tonight will be of the cold storage description and nothing will be used in the preparation of the banquet that has not been in cold storage for at least seven months. It is true that the scientists attending the congress are all ardent advocates of refrigeration, but while preaching refrigeration is comparatively simple and easy, it requires a considerable amount of heroism deliberately to sit down at a banquet table and consume formidable quantities of cold storage food.

ELKS' SMOKER.
There will be a special social and smoker at the Elks' Home Wednesday evening, Oct. 1, 1913, in honor of the Great Raymond, who will also entertain the members. All Elks are urged to be present. Refreshments served.

PURCHASES VALUABLE FARM.

The consideration was in the neighborhood of \$25,000 and the trade was made through Wiswell & Son.

IN MEMORIAM.

Honoring the Memory of William H. Rowe.

At a meeting Saturday of the directors of the Jacksonville Farmers' Mutual Fire Insurance company the following was ordered placed on the records of the company:

In the death of William H. Rowe we have lost a useful member who has served on the board of directors for twenty-two years and for quite a long time has been treasurer of the company.

By his activity, enthusiasm, fairness and good judgment he did much toward promoting the success of the company. In our association with him we were cheered and helped by his genial upright, optimistic life and in his death we have sustained a great loss.

We tender our sincere sympathy to his family and order that these resolutions be spread on the records of the company.

Knox County Farm For Sale

Knox county is in the center of the great corn and blue grass region of northeast Missouri. Edina is the county seat, a little city of two thousand people and located just forty miles west of Quincy, Illinois, on the Q. O. & K. C. R. R. Edina is a thriving little city, all branches of business represented, has four banks, eight churches, one of which, a Catholic church, the largest in Missouri outside of the larger cities; a good public school that articulates with the University of Missouri; two parochial schools under a thorough management.

Our little city is on a high elevation overlooking the deep rolling prairies surrounding us.

I am not a land agent, I own this farm and desire to sell it and hence have placed a price where it is bound to sell.

This farm is seven miles north of Edina, four miles from Baring, a town of 500 people on the line of the great Santa Fe R. R., and is one and a half miles from the town of Fabius on same road, all of which furnish good trading points and splendid shipping facilities. One-half mile from school on a good public road; phone connections all over the county, free mail delivery at the door. A nice five-room cottage, mostly new, with cellar 14x8 ft., barn 36x40 ft., large enough for the farm, with loft room sufficient for 25 tons of hay; also corn crib of 1200 bushels capacity, with shed room on two sides; all kinds of fruit of the best variety. This farm is well watered. 280 acres in this farm, all under fence and in a high state of cultivation except 80 acres, which is in timber and blue grass pasture; and is gently rolling, just enough to carry off the surface water. It is well fenced with woven wire into four separate fields. 40 acres is now in meadow; 15 acres pure clover; the remaining 145 acres under the plow this year. I have endeavored to sell my own farm and have adopted this method of doing it. My price is \$75 per acre, on easy terms, if taken in thirty days.

Hooray! Baby To Rule the House

No Longer Do Women Fear The Greatest of All Human Blessings.

It is a joy and comfort to know that those much-talked-of pains and other distresses that are said to precede child-bearing may easily be avoided. No woman need fear the slightest discomfort if she will fortify herself with the well-known and time-honored remedy, "Mother's Friend."

This is a most grateful, penetrating, external application that at once softens and makes pliant the abdominal muscles and ligaments. They naturally expand without the slightest strain, and thus not only banish all tendency to nervous twitching spells, but there is an entire freedom from nausea, discomfort, sleeplessness and dread that so often leave their impress upon the babe.

The occasion is therefore one of unbounded, joyful anticipation, and too much stress can not be laid upon the remarkable influence which a mother's happy, pre-natal disposition has upon the health and fortunes of the generation to come.

Mother's Friend is recommended only for the relief and comfort of expectant mothers, thousands of whom have used and recommended it. You will find it on sale at all drug stores at \$1.00 a bottle. Write to-day to the Bradfield Regulator Co., 130 Lamar Bldg., Atlanta, Ga., for a most instructive book on this greatest of all subjects, motherhood.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

You will find that coal from our yard will give you real fuel satisfaction this winter. No special prices to special people. We give everybody the lowest prices compatible with good business and service which satisfies.

GREAT RAYMOND INTERESTS AUDIENCES AT THE GRAND

Man of Mystery Furnishes Program Which Pleases Old and Young—Will Give Matinee Today.

The Great Raymond appeared at the Grand again last night and his really wonderful performance proved of vast interest to the audience. At noon today Raymond will make a sensational drive while blind folded and there will be a matinee this afternoon.

Before saying anything about Raymond and his conjuring, a word should be said of his scenic equipment. Thousands of yards of the most expensive silks and plushes are draped around the stage. Gold bullion trimmings set off the richness of the setting in a most tasteful manner. The lighting of the plush and silk grotto comes from costly chandeliers of cut glass. The setting of Raymond's show is without a doubt the most expensive that money would buy.

While Raymond is for the most part a conjurer in big things, one cannot overlook his skillful mastery of manipulation. His hands are ever quicker than your eye. He only just dabbles in cards, but what he does do with the pasteboards is new, and he has one card trick that is a masterpiece of sleight of hand. Raymond's big illusions and effects mark a new era in conjuring. He does wonderful things of all kinds with his assistants. He catches live pigeons out of the air in an ordinary looking butterfly net; he floats one of his lady assistants high in the air and then vanishes her. He takes one man and puts him in a cage and in a moment has multiplied him into four people. It is useless to tell of all the manifold mysteries and do Raymond justice.

Mr. A. Sleyman arrived in Jacksonville yesterday and will have personal charge of his wonderful collection of Oriental Rugs, at Andre & Andre's, the remainder of this week.

MRS. HURST NEAR TO BAD ACCIDENT.

Mrs. James Hurst, accompanied by a lady friend, in attempting to board an Alton train at San Jose last evening, had a narrow escape from a serious accident. At San Jose, where the trains destined for Springfield and Peoria meet the main line, there is no platform and the first step of the cars is some distance from the ground. As Mrs. Hurst attempted to get upon the step one of her feet caught the bottom of her skirt, and she was thrown heavily upon her knees, her face missing contact with the step by a pair of inches. Mrs. Hurst was up in a moment and was assisted up the steps of the car uninjured but she had a narrow escape nevertheless.

Big matinee this afternoon at 1:30. See Lady Maud C., fastest pacing mare in the world.

FORMER RESIDENTS HELD MEETING IN CHICAGO

Morgan County Society Members Guests at Home of Mr. and Mrs. Newton—Program Proved To Be of Great Interest and Pleasure.

In Chicago Saturday evening about sixty members of the Morgan county-Chicago society attended the reception tendered the organization by Mr. and Mrs. Edward F. Newton at their beautiful home 3201 South Park boulevard. The company spent several hours socially and then was called to order by the president Col. Q. H. Chapin. Mrs. Newton then presented the society with a gavel with the following appropriate remarks.

"I feel it an honor to be called upon to address this meeting and it gives me further pleasure to present, in the name of Mr. Newton and myself, a gavel that is at once useful and symbolic. This gavel is made from the wood of the laurel, that sacred evergreen tree that has ever been the token of friendship and honor, distinction and fame. The particular laurel tree from which this gavel is made grew upon Lookout Mountain, a section sacred to us all, for here America's manhood displayed a heroism that has sanctified our nation. This gavel, true to its birth place, I am sure will always call us to 'Lookout' for what are the true interests and objects of our association; and I trust in this dedicatory it to much use it will always be held in esteem."

Col. Chapin accepted the gavel on behalf of the society and expressed thanks to Mrs. Newton. Miss Emma B. Patterson read a brief history of the society which she had been requested to prepare and then followed a number of interesting speeches. The first of the speakers was Col. Chapin who congratulated the members of the society upon its founding and complimented J. March Patterson founder and first president for the work he had accomplished. Col. W. H. Edgar, Judge Geo. E. Dawson, R. L. Montgomery, Dr. W. K. McLaughlin, L. J. Lippert, M. N. Price, J. March Patterson and Mrs. Charles Ten Eyck. At the request of the president a poem appropriate to the occasion, entitled "Old Times and Scenes" was read in dialect by Mrs. Porter.

While refreshments were being served by Mrs. Newton, Col. Edgar entertained the society by rendering piano selections, several of which were his own compositions. The company took great pleasure in drinking Gravel Springs water from the old home town, kindly furnished by L. J. Lippert. Those present were:

SALE OF HAIR GOODS

Continuing All Week. \$5,000 Worth of Human Hair

At Almost Half Value.

After many weeks of correspondence and much expense we have secured the agency for the finest human hair goods ever brought to this country. In order to introduce this beautiful hair to the women of Jacksonville and vicinity the importer's demonstrators will be at our store Monday and the balance of the week, and will offer the best.

Switches at Almost Half Price

All goods represent the very highest standard of quality, durability and workmanship, guaranteed strictly sanitary; by their fineness and beautiful lustre reflecting all the health and vigor of the sturdy peasant girls of sunny France, from whom they came.

Never before have the people of Jacksonville had the opportunity to make selections from such a large quantity of naturally wavy human hair; the collection is so large that any shade of hair can be matched perfectly.

\$5,000 Worth of Fine Hair Goods

—more than has ever been assembled at any one time in all other Jacksonville stores combined.

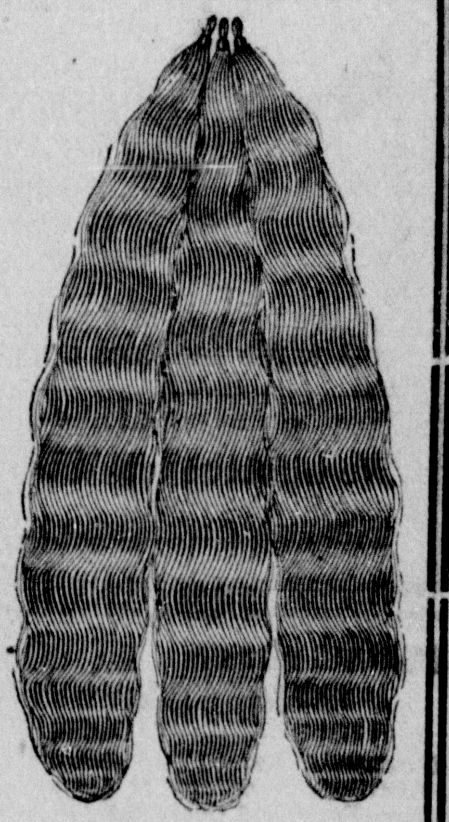

Even if you don't need hair goods at this time you will surely want to come and see this wonderful display. There has never been anything like it in this part of the state. Even the larger cities seldom if ever have such a fine collection of hair goods on exhibition.

In gray switches we excel, and women who haven't been able heretofore to secure a good match will find at our store now the exact shade required, as soft, and silky as your own hair.

"Years of Experience Have Proven to Me That the MAJESTIC Range IS the Best"

"Strange, that for years, I couldn't see that trying to get good work from an old, worn-out range, merely to save the price of a new one, was not true economy. My Great Majestic has more than earned its cost in the saving of fuel alone, because the open seams and joints in my old, worn-out range where the bolts were loose and the putty had crumbled away, made me burn twice as much fuel as necessary."

"Talk about luck in baking—"luck" is nothing but good oven and my Majestic oven is simply perfect. I can depend on it absolutely every day. I believe father and the children are happier and I know we have better meals at less expense with our Majestic."

Don't Buy Any Range Sight Unseen

Buying a range isn't an every day transaction. To be absolutely sure of complete satisfaction—don't buy from printed descriptions—see the Great Majestic (dealer in nearly every county in 40 states) compare it point for point with any other range.
